

PRESS NOTE

Neesa Infrastructure Limited had launched the real estate project at Badi, Udaipur with the brand Neesa Serene Valley. The project was kicked off with full vigour and construction of multiple towers was started. Company's total investment even at this stage of part construction is more than four times, the booking amount received from our valued customer.

The sudden market slump in real estate sector and the company's resulting financial crunch, led to stoppage of Construction of project. The Neesa Group is fully committed to its investors and the people who have shown faith in the project. With the market reviving slowly, the Serene Valley Project is going to start construction in the current month. The project aims to give possession to all its 1 BHK investors within the coming nine months and the 2BHK & 3BHK by further next three months.

The publication in Dainik Bhaskar & Rajasthan Patrika dated 10th May, 2016 is far away from truth. The organisation has already started working on planning and reinstating the necessary resources. The project team is also in the process of being mobilized.

Promoters of the company, its managing director and directors are all available to push and complete the project at Badi.

The group against all adversity is marching ahead under their dynamic leadership to match the faith shown by all stake holders in the group. The project information and further plan can be obtained on call from 079 – 27401631 or through mail at info@neesaproperties.com. Further details can be fetched from www.neesaproperties.com. One can even reach its office for any personal inquiry at Ninth Floor, Cambay Plaza, Cambay Grand Hotel, Near Perd Centre, Off S G Highway, Sola Bridge, Thaltej, Ahmedabad – 380054, Gujarat.
